KILLING OF EDITOR OLMOS.

It Has Excited Mexico, and His Sister Charges the Secret Police.

CITY OF MEXICO, Aug. 2.- The assassination of editor Olmos in the City of Pueblo has excited intense interest both there and at the capital. It is now said that Olmos was suspected of being a pubous weekly paper called Voice of Pueblo, which appeared July 14, and the administration of Governor Marinez was violently checked and his re-election hotly opposed. Genevieve Olmos, a sister of the murdered editor, publishes a remarkable letter in a ditor, publishes a remarkable letter and journal in this city to-day, in which she says she found her brother almost literally made by knives and daggers of various sizes.
The blade of one dagger remained in the body, with the handle gone. His front teeth were knocked out, probably by the tre-mendous blows given to silence him. She adds: "Up to this moment I have not enleavored to inquire into the murder, neither ould I do so with so immense a grief weighing on me. EDITOR HORSEWHIPPED.

The Wife of a Rival Editor Took Ex-

ceptions to a Paragraph.

ST. JOSEPH, Mo., Aug. 2.-E. V. Williams, editor of the Stanberry Herald, and F. A. Weimar, editor of the Stanberry Sentinel, have been indulging in a newspaper quarrel. Williams stated that he had accumulated all his property himself, and while his taxes were not as much as those of the editor of the Sentinel, none of his wealth had come in the way of a hymeneal contract at the altar. Mrs. Weimar considered that the paragraph reflected on her. She is the daughter of J. W. Hampton, a Denver millionaire who lived for many years at Mount Pleasant, Ia. On the day of her marraige to Welmar her father presented him with a check for \$10,000, and it was this present to which reference was made by Williams. In the afternoon Mrs. Weimar, accompanied by her husband, went to the Herald office and horsewhipped Wil-liams, while Weimar struck his rival over

I then, as executive of the State, respectfully and most earnestly urge you to begin quo warranto proceedings in the Supreme Court at the earliest possible date in order to try the title of the respective claimants to said offices and that by proper collateral proceedings you will restrain any efforts which may be made to take possession of said office by force, surreptitiously or in any other unlawful manner. In order to obtain an early presentation of the case to the court, I will render you all the aid in my power. Yours very truly,

This afternoon the Governor received the following word from Hon. W. J. Bryan, who

CHICAGO POLICE MAY YET BE ABL TO FIX MURDER ON HOLMES.

The "Castle" Janitor and Wife Give Up the Story of the Removal of Mrs. Conner.

GEYER NOW IN THE SEARCH

PHILADELPHIA DETECTIVE WENT FROM HERE TO CHICAGO.

Lawyer Humphrey Visits Convict Al len. Who Still Says Minnie Williams Is Alive.

CHICAGO, Aug. 2.-The police have at last obtained a partial confession from Pat Quinlan, the janitor of Holmes's castle, and have, they believe, positive evidence that Benjamin F. Pietzel was murdered in this city by Holmes and the corpse sent to Philadelphia. The confession was wormed out of the Quinlans by means of a tip given the local officers by detective Geyer, of Philadelphia, who arrived in this city to-day. The exact nature of the story told by the Quinlans the police will not reveal, and in fact Chief Badenoch and Inspector Fitzpatrick have both denied that Quinlan or his wife made any confession

Notwithstanding the denial of the police, however, it is positively known that Quin-At 11 o'clock to-night the District Court subject matter under which he wrote his name could not be ascertained. This point the police declare they will have to-morrow, and they declare that by Aug. 5 they will have undisputable evidence that Pietzel came to his end through the direct agency of H. H. Holmes. They were closeted alone for an hour in the room in which the Julia Conner carpet lies and mystery than they were ever before. The chief now has proof positive that Mrs. Con-ner and Pearl, her daughter, or Cora Quinthe mother was in his employ, Mrs. Quin-lan has given information within the last wenty-four hours which brings the charge of murder nearer to Holmes than it has been in Chicago any time since the case opened. Quinlan and his wife, while demonstrating to the police that they were at no time guilty of the crime of murder hemselves, have made admissions by which the chief could use them on the stand as valuable witnesses against Holmes in proving that Mrs. Conner and a child were made away with by Holmes for securing insurance which Mrs. Conner carried on her ife in favor of her daughter, or in which Cora Quinlan's life cut an important figure. Further, Quinlan and his wife have proved to the police that Mrs. Conner was so well aware of the schemes which Holmes was operating that it became necessary for Holmes to put the woman out of the way. Mrs. Conner's body was disposed of by purial within the castle somewhere close to the spot where Pearl's supposed body was found. The police have not ceased their efforts to find the bottom of the basement and uncover her remains. The digging, which was suspended to-day, will continuous to-morrow and during the coming week.

of the western portion of Michigan, Grand St. Joseph, Lakota, ancient places, with venerable graves, were despoiled of bodies and coffins. The bodies were brought to the castle, chemically treated and then disposed of to medical colleges. The coffins were remade by Quinlan, Pietzel and Holmes, relined and disposed of to under-

takers at a fair profit.
"We have sufficient evidence to keep
Holmes in prison for the remainder of his natural days," said Detective Geyer to-day, "without charging him with murder. Should he, by a technicality, escape the conspiracy charge in Philadelphia, twenty warrants on other charges are ready to be served on him. The Toronto charge of murder is the stongest one against him, and if he is taken there he will probably be hanged. As to all the Chicago charges, there is only the proof that he was a swindler. I believe that it will be finally shown that he did murder Mrs. Conner and the two Williams girls. Minnie Williams, I think, was killed last fall, at the same time as Howard Pietzel. I have found no trace of his body.

New witnesses in the Holmes case have Jasper Richardson, the expressman, wanted to back up the testimony of M. G. Chappell. Holmes's bone rigger is not dead as reported. Richardson corroborates Chap-pell's story. He has told the polic all he knows of Holmes's traffic in mysterious packages and boxes, and besides the express companies' receipts in the Washing-ton-street office shows just how much work Holmes had done in the years 1891-93, and where the "packages" he handled were

what the packages contained at the time they were handled. Since Chappell says this traffic was in dead men's bones, Richardson says he is quite prepared to be-lieve it. The number of the trips to the Wallace-street house, he adds, cannot be centained in twenty calls, nor thirty. "I remember this special patronage very well," said Richardson. "Holmes sent these boxes all over the city at times to physicians and medical students, and again to the hospitals direct. A good part of the stuff we also took to the various depots. He received a good many consignments him-self from other points. The boxes handled, as I remember them, were strong and tight, and there were also well-headed barrels in numbers. I don't remember seeing that old trunk Chappell turned up, nor do I recall any trips to dump stuff in the lake. I guess nes had use for most everything he ndled, without throwing anything away." The other witnesses involved in this evi-dence are Edward Morrison and Edward

Thinks the Williams Girl Is Alive. LITTLE ROCK, Ark., Aug. 2.-Attorney O. M. Humphreys, of Fort Worth, arrived here to-day and went almost immedidately to the prison where he and Superintendent McConnell were closeted for some time with convict Allen. Mr. Humphreys represents the interested heirs holding claims against Minnie Williams's property in Fort Worth on debts contracted by Holmes and his accomplices. After the conference he said:

"Allen undoubtedly knows more than anybody else about the transfer of the

Williams property, because he spoke to me intelligently about various papers connected with that deal, which are now in my possession, and the contents of which have never been made public. I knew Allen in Fort Worth, and from the circumstances as yet unpublished, which he mentioned to me to-day in connection with those deals. I know that he was intimate with Holmes."

"Do you think Minnie Willilams is still alive?"

"I most assuredly do. From what I know and from what Allen said to-day I am positive that she is not only living, but that she is in the United States and that were Holmes free he would be with her in less than forty-eight hours."

PITTSEURG, Pa., Aug. 2.-The biggest victory ever made by organized miners was won to-day in Pittsburg by the miners. Almost every demand was granted, and the operators gave a written guarantee for their fulfillment of the contract. The papers were signed to-night which increase the wages of 100,000 miners in Penusylvania, Ohio, Indiana and Illinois. The terms of the agreement are that the pres-These men were all tramps, riding in an empty box car. The trainmen escaped. The effect of this settlement is to advance the mining rate in Ohio and Indiana from 51 cents to 69 cents. It also holds up the rate in Illinois and brings the strike there to an end. It also changes the end of the scale year from April 30 to Jan. 1 This is the first time a differential has ever been granted against company stores, and them abolished. An evidence of this came to-day when W. P. Rend, of Chicago, offered to abolish his company store at Pelmoney enough to operate it on a co-opera-

tions Not Accepted. Special to the Indianapolis Journal. TERRE HAUTE, Ind., Aug. 2 .- Nations. President Penna, of the United Mine Workers, who is here attending the State convention of miners, says that the settlement at Pittsburg to-day means 60 cents for Ohlo and Indiana. Mr. Penna is hopeful for the renewal of the old interstate agreement beginning with the next year. The new scale year is acceptable to Ohio and Pittsburg danger of a strike in the middle of the winter, when they have an advantage in the Northwest trade by rail. If Ohio and Indiprice is to be 60 cents, for which the men

In the convention to-day the delegates discussed at length the charges against President Purcell and Secretary Kennedy. One charge is that Purcell violated h's duty in permitting the men in the Clinton district to continue at work at 51 cents, after the local lodges of the State had voted against accepting it. Another charge was in regard to the story that he had been offered a bribe by the Clinton operators. After a long debate the president and secretary tendered their resignations, but the convention would not accept them.

the convention would not accept them, To-night the convention is considering proposition to order the Clinton miners to come out. The charge against the national president that he had an interest in a coal president that he had an interest in a coal mine at Linton was not brought forward, probably because he was present. The president denies the story and says he wishes that he owned all the coal mines at Linton. The resignations of the State officers were not accepted by a vote of 25 to 14. To-night the convention appointed committees on resolutions and scale, and these subjects, as also the Clinton situation will be acted upon to-morrow.

Strikers' Demonstration in Michigan. ISHPEMING, Mich., Aug. 2.-The Ishpeming & Negaunee strikers held a big demonstration in Ishpeming to-day. Almost three thousand men were in the line of march from the park at noon. Some of the speakers to-day made an effort to induce the men to visit the mines to ascertain what concession the companies are prepared to make, but the matter was voted down. The men will not listen to compromise talk and those who attempt to effect a settlement in that way are given little encouragement. Many desire to go back to work, but the majority is opposed to it, the latter insisting on recognition of the union by the companies. It is certain, however, that the companies will not recognize the union in any regard, and will keep the mines closed until such time as there is a break in the ranks of the organization.

The companies will all have paid off their men in full this week and are preparing for an indefinite shut-down of their works. Miners' Victory at Ishpeming. DETROIT, Mich., Aug. 2.-Authenticated reports were received in the Western Union office in this city to-night to the effect that the company's office in Ispheming had been besieged by strikers, who tried to prevent the transmission of strike news, and that the staff correspondent of the Detroit Evening News had been escorted to a train under police protection. Owing to a heavy storm which is raging in that country, it has been impossible to secure accurate details.
